Order

3813753 Wowtamins Omega 3 Gummies (zuckerfrei)

Sample no.

196002 / 3

	Unit	Result Declaration	Reg. (EU) 2023/915	Substance	Method
Presumptive Bacillus cereus	cfu/g	<100 (LOD)		OM	AFNOR validated in reference to ISO 7932 (bioMérieux BACARA 2®, Certificate AES 10/10-07/11 : 2022-06)
Salmonella spp	in 25g	not detected		OM	ISO 6579-1 : 2017-02

Sensory examinations

Sensory, descriptive examination		see below		OM	DIN 10964 : 2014-11 (mod)
Packaging inspection scan *)		see below		OM	no information

2) Dietary supplements consisting of at least 80% dried seaweed or products derived from seaweed, or consisting of dried shellfish.

Explanation: The symbol "<" or n.q. in the result column means, the parameter concerned is not quantifiable at the limit of quantification shown opposite.

Explanation: OM = on original matter; DM = on dry matter base

Norm modification

DIN EN 15763 : 2010-04 (mod.): Extension for the following elements: Al, Co, Cr, Mo, Ni, Sb, Se, Sn, Ti, U, V, Cu, Mn, reduction of the method for Hg

According to the extent of the analysis the sample complies with the requirements of Commission Regulation (EU) 2023/915 of 25 April 2023 on maximum levels for certain contaminants in food, in version currently in force.

In the present sample, aluminum was analyzed by acid digestion and ICP-MS.

Due to the amphoteric properties of aluminium, it cannot be excluded that underfindings may occur, especially in the case of aluminium of mineral origin.

Remark to Escherichia coli:According to the National Footnote, these are presumptively determined β -glucuronidase-positive Escherichia coli.**Remark to Staphylococcus, coagulase-positive:**

Results below 150 cfu/g are considered as estimates.

Remark to Salmonella spp.:

In the testing of Salmonella spp. according to ISO 6579-1 Salmonella Typhi and Salmonella Paratyphi are not included. These bacteria/germs are hardly found in food. If on the side of the customer there is a justified case of suspicion these two subspecies can be analysed by a PCR test, which needs to be ordered separately by the customer. In case of positive Salmonella results a confirmation of Salmonella spp. was conducted by MALDI-TOF.

-----ENGLISH VERSION-----

Sensory evaluation:

Appearance/Color: yellow gummies
Smell/Taste: sweet, mango-like

Packaging evaluation:

The wowtamins "Omega-3 Gummies with DHA & EPA" are packaged in a brown plastic container with a colorfully printed label and a net weight of 180 g. The best-by date and lot number are located on the bottom of the container. The packaging is undamaged before opening.

Marketability:

The above-named product meets according to the manner and extent of the presented testings the provisions of German Food Law. In this respect and in our opinion the product is marketable in Germany.

Start of testing: 23.06.2026

End of testing: 01.07.2026

The results are related only to the samples tested. In cases where the laboratory has not been responsible for sampling, the reported results apply to the samples as received. The laboratory is not responsible for the information provided by the customer. The customer information, if any, presented in this test report is not subject to the accreditation of the laboratory and may affect the validity of the test results. Duplication of this document or of parts of it requires the authorization from laboratory.
In conformity assessment, the economic approach is used as the decision rule (a non-conformity exists if the measurement result is included measurement uncertainty above the specification or standard), as long as nothing else has been determined by corresponding legal or normative bases.
